

Items removed from the record

C11042 data definition reference	C11042 data definition/specific requirement which will not be collected as part of C12042	Reason for removal from record
D05a	FTE environmental staff	This data item will be removed from the record as it is not clear and not useful for benchmarking purposes.
D25	<p>Capital expenditure on estates and buildings:</p> <p>D25.C13a Total non-residential – New building works D25.C13b Total non-residential – All other expenditure D25.C14a Residential - New building works D25.C14b Residential – All other expenditure</p>	The totals for Non-residential, Residential and total HEI are sufficient for HEI purposes and will be collected as Capital expenditure buildings for C12042.
D26	<p>Total property costs</p> <p>D26.C04 Teaching total D26.C07 Research total D26.C10 Support total D26.C11 Vacant non-residential D26.C12 other non-residential</p>	The split of Total non-residential and residential is sufficient for HEI purposes
D33	<p>Maintenance costs</p> <p>D33a.C13a Total non-residential – Buildings planned D33.C13b Total non-residential – Buildings reactive D33.C13c Total non-residential – Buildings total D33.C13 Total non-residential D33.C14a Residential – Buildings planned D33.C14b Residential – Buildings reactive D33.C14c Residential - Buildings total D33.C14 Residential D33.C01a Total HEI Buildings planned D33.C01b Total HEI Buildings reactive D33.C01c Total HEI Buildings total</p>	The splits for Buildings planned and Buildings reactive for the Total non-residential, residential and whole estate are not required by HEIs. However, buildings should be included in the new Total non-residential and Residential data items, collected under the re-named Repairs and maintenance costs.

<p>D35</p>	<p>Internally-incurred Property management costs</p> <p>D35a Internally-incurred Estate management costs a Total non-residential a Residential a Total HEI</p> <p>D35b Internally-incurred Facilities management costs b Total non-residential b Residential b Total HEI</p> <p>D35c Internally-incurred Project management costs c Total non-residential c Residential c Total HEI</p>	<p>The breakdown of Internally-incurred property management costs into Internally-incurred:</p> <ul style="list-style-type: none"> • Estate management costs (Total non-residential, Residential, Total HEI) • Facilities management costs (Total non-residential, Residential, Total HEI) • Project management costs (Total non-residential, Residential, Total HEI) <p>will no longer be collected as this level of detail is not required. Just figures for Total non-residential, Residential and the Total HEI are required which should include the costs previously collected separately.</p>
<p>D36</p>	<p>Externally-provided property management costs</p> <p>D36a Externally-provided Estate management costs a Total non-residential a Residential a Total HEI</p> <p>D36b Externally-provided Facilities management costs b Total non-residential b Residential b Total HEI</p> <p>D36c Externally-provided Project management costs c Total non-residential c Residential c Total HEI</p>	<p>The breakdown of Externally-incurred property management costs into Externally-incurred:</p> <ul style="list-style-type: none"> • Estate management costs (Total non-residential, Residential, Total HEI) • Facilities management costs (Total non-residential, Residential, Total HEI) • Project management costs (Total non-residential, Residential, Total HEI) <p>will no longer be collected as this level of detail is not required. Just figures for Total non-residential, Residential and the Total HEI are required which should include the costs previously collected separately.</p>
<p>D37</p>	<p>Property management staffing</p> <p>D37a Property management staffing – Estate management staff</p>	<p>The breakdown of Property management staffing into Property management staffing:</p> <ul style="list-style-type: none"> • Estate management staff (Total HEI)

	<p>a Total HEI</p> <p>D37b Property management staffing – Facilities management staff a Total HEI</p> <p>D37c Property management staffing – Project management staff</p>	<ul style="list-style-type: none"> • Facilities management staff (Total HEI) • Project management staff (Total HEI) <p>will no longer be collected as this level of detail is not required. Just a figure for Total HEI is required which should include the costs previously collected separately.</p>
D39a	Current costs of legislative compliance	Removed because nearly all maintenance (cost) is legislation compliant, and it is almost impossible to calculate a proportion of maintenance costs that are legislatively compliant - therefore not providing a useful comparator across the sector.
D42	Method of costs apportionment	Removed because estimates are no longer be collected at Total property costs.
D47	Assessment of building condition	The elemental based methodology has been removed from the Building condition definition, therefore this data item which captures whether an elemental based method or a building level assessment was used is now not required.
D60	Total facilities costs	Removed as these totals can no longer be generated as the component figures are no longer collected separately.
D72f	Carbon conversion factor for D72e	Removed from the record as it does not have a use and it alone does not provide enough information to calculate the carbon savings from the use of onsite renewable energy sources. The carbon savings will be part of the figure returned under Scope 1 and 2 Carbon emissions (energy use).
D74a	Travel plan on web	Removed because this definition is not useful for benchmarking and performance management as a policy is an indication of process and not of outcome.
D74b	Environmental policy on web	Removed because this definition is not useful for benchmarking and performance management as a

		policy is an indication of process and not of outcome.
D74c	Biodiversity policy on web	Removed because this definition is not useful for benchmarking and performance management as a policy is an indication of process and not of outcome.
D75	% Single occupancy car journeys	Single occupancy car journeys is now collected as part of Percentage modal split for commuting by staff and Percentage modal split for commuting by students.
